LETTER OF SUPPORT

Thank you for supporting the nominee in their submission for the 2026 Sustainability Trailblazers Award. As a reference, ECO Canada requests that you provide a letter of support for the nominee detailing why you believe the nominee would make a great Sustainability Trailblazers Award recipient. In particular, we would like to have your assessment of the nominee's greenhouse gas emission reduction efforts and how innovative and impactful those efforts have been. **This letter can be attached along with this Nomination Support Form in .docx or .pdf format.**
